Fidia S.p.A.: new industrial plant in Forlì

Torino, June 25, 2014 – the Company announces that today has been finalized the purchase from Querzoli s.c. of an industrial area of about 22.000 square meters in Forlì.

On that area will be executed restructuring and expansion works that will make available approx. 8.000 square meters dedicated to the manufacturing of the high speed milling machines and approx. 1.000 square meters for offices and premises.

The overall investment expected is 5,6 million euros and it is financed through a leasing contract by Mediocredito Italiano S.p.A. (Intesa Sanpaolo Group).

During the last few years the Fidia Group has reported, in the Milling Machine sector, a strong increase in the order acquisition, amounting to 24,2 million euros in 2012, 37,4 million euros in 2013 and about 22 million euros in the first 6 months 2014 (all data include the installation services).

This positive and consolidated business trend makes necessary this important investment that will also allow an improvement of the production efficiency by grouping in a unique and more functional location the manufacturing activity at present carried out in two different factories, still located in Forlì.

Fidia S.p.A., headquartered in S.Mauro Torinese (TO), is a world leader in the design, production and distribution of integrated systems for the realization of complex shapes used primarily for printing presses. With approx. 330 employees, Fidia is known as one of the few companies working in the three different technologies that allow for complete management of the splicing process, from post planning to the final product. In particular Fidia produces and distributes: numerical control devices for milling systems, high speed milling systems, CAM software for the cutting of complex shapes.

Fidia S.p.A. (Reuters FDA.MI – Bloomberg FDA IM) is listed on the STAR segment (MTA) of the Italian Stock Exchange and has a capitalization of approx. € 15 million.
